Poison from Rabbit.

Blood poisoning has resulted from a
wound made by the bone of a rabbit
which J. W. Heddon, State Superin-
tendent of Printing, was eating at
Frankfort several days ago and Mr.
Heddon is now in a hospital in Louis-
ville being treated. There is said to
be danger that Mr. Heddon will lose
his thumb. He was eating rabbit at
his boarding-house in Frankfort sev-
eral days ago when a piece of bone was
driven under his thumb nail. The
wound was very painful, but Mr. Hed-
don paid very little attention to it, un-
til the thumb began to swell. Then he
went to see a physician and found that
the bone had caused blood poisoning.
Mr. Heddon then went to Louisville,
where he entered a hospital for treat-
ment. He is doing nicely now.

The L. & N.'s New Florida Special

The L. & N.'s new Florida special
made its first trip South on Tuesday.
The elegant through train passes Paris
at 10:30 a. m., and arrives at Jack-
sonville, Fla., the following morning at
9:30. The train was in charge of Con-
ductor S. M. Bailey, with engineer
John Mugerage at the throttle. The
train made perfect time and arrived at
its destination without a single mishap.
This modern train is made up of five
cars, dining, Pullman, day, express
and smoker. All the coaches are brand
new and were made in the L. & N. car
shops in Louisville. The diner is es-
pecially modern and the service is un-
equalled, electric lights, fans, in fact
everything needed to make the travel-
ing public comfortable.

This car is in charge of Mr. C. P.
Halawalt, who certainly knows his
business. Mr. L. M. Hill, Superinten-
dent of the dining car service of the
L. & N. was on this trip to see that
things were started right and enter-
tained a very jolly party at a luncheon
and to use the slang phrase it was a
"dippin'."

The time made by this train between
Cincinnati and Corbin was very fast
and can be shortened at least one hour,
which no doubt will be done as soon as
the 32 miles of new double track be-
tween Sinks and Corbin has been put
in a little better shape.

General Passenger Agent W. A. Rus-
sell, of Louisville, and Division Pas-
senger Agent F. D. Bush, of Cincin-
nati, General Agent F. B. Carr, of
Lexington, Superintendent W. H. An-
derson and Agent W. H. Harris, of
Paris, Wm. Sheridan, Inspector of
Transportation, of Louisville, Mr. L.
A. Summers, Special Agent, of Cincin-
nati, Mr. L. M. Hill, Superintendent
of Dining Car Service, Mr. J. H. Set-
tle, City Passenger Agent and Mr. C.
B. Phelps, Superintendent of Trans-
portation of Louisville, and Swift
Champ, of Paris, composed a jolly party
which went over the road on Tuesday.

Every section and drawing room
were taken for this trip, Paris furnishing
twelve passengers for Florida. Our
popular agent Mr. Harris was highly
complimented for having the largest
party for the first through train to
Jacksonville. At Corbin the train
picks up a modern observation car, giv-
ing passengers the opportunity of get-
ting a good view of the beautiful
mountain scenery.

Paris is to be congratulated upon
having such railroad accommodations
as the L. & N. is furnishing and the
people of this section should show their
appreciation by riding these trains
South in preference to other roads who
don't give half the service. The new
time table which went into effect Mon-
day will be found in another column of
this issue.

Ahead of Time.

The Bourbon News issues today one day ahead of time for several reasons. First for the benefit of our Christmas advertisers, who have been liberal with the News, and who at the same time are reaping a rich harvest from their advertisements.

We desire to give our customers the very best service and therefore publish the News on Thursday morning instead of Friday, our regular day, thus giving our customers one more day for the people to see what great bargains they are offering for the holiday trade.

The other reason is that the editor desires to give his force a Christmas holiday. In the course of time national holidays come most generally on days that it is impossible for our force to lay off, and it so happens at this time by the News coming out one day ahead of time, we cannot only benefit our advertisers but can give our printers a day off.

Can't Beat this Policy.

W. A. Thomson, who has recently been appointed district agent for the State Mutual Life Insurance Company, of Massachusetts, was called to Irvine, Ky., to settle claim upon the death of Mr. W. T. B. Williams, a banker, of that city. Mr. Williams took out a policy with his company on February 24, 1904, for \$3,000, and Mr. Thomson has received a draft from his company for \$3,122.75 to pay the above policy thus paying the widow of Mr. Williams \$122.75 above the face of the policy, the earnings in this short time. This shows what kind of a company Mr. Thomson is representing, and anyone desiring the best life insurance should see him.

The Season's Compliments.

The Christmas holidays are upon us in full force, the streets being crowded with shoppers of all ages, sizes and color. From all appearances our merchants are having the largest Christmas trade that they have enjoyed for years.

The News' columns are filled to almost overflowing with the advertisement of our progressive merchants and we trust they have been repaid tenfold by their liberality in telling the people of their great bargains that awaited them at their respective places of business through these columns.

If you have been unable to find what you wanted in Paris this Christmas it is simply because you wanted to go out of town for your purchases, for Paris merchants are carrying stocks that cannot be excelled in any of our larger cities.

The editor desires to take this opportunity to express his sincere thanks to the Paris merchants who have so liberally shared their patronage with the News this year. We wish one and all of you a merry Christmas and a happy new year.

Sore on Old Secretary.

[Editorial in Monday's Leader.] Postmaster J. L. Earlywine, of Paris, whose reappointment for four years has been opposed by Senator-elect W. O. Bradley, was private secretary to Mr. Bradley during the latter's gubernatorial term and owed his first appointment to the Governor's personal efforts in his behalf. Mr. Earlywine has made an efficient and popular postmaster, and has so conducted himself officially and politically as to win the good will of those who opposed him four years ago, who believed themselves sure of winning until Governor went to the front for his former secretary and devoted admirer and eulogist in many a convention.

Mr. Earlywine would have had no opposition for reappointment, certainly none from Senator Bradley, but for the fact that he announced his preference for Judge Taft early in the canvass for the Republican nomination long before Mr. Bradley had been chosen for the Senatorship or had declared his own choice for the Presidency.

It is matter of current political gossip that when Governor Bradley was elected (Senator and) sounded his battle cry as the leader of the Fairbanks forces in Kentucky he sent for or met his former secretary and gave him to understand that he must line up with the Indiana man's friends or be dropped from the roll of those entitled to bask in the Senatorial sunshine.

Mr. Earlywine replied that Judge Taft was his personal choice and the favorite of Kentucky Republicans and that he could not abandon his convictions and his declared choice, even to gratify his old-time chief, to whom he had been devoted.

The Leader does not pretend to know or quote the exact language of the interview, but from that day to this it has been a matter of political gossip in Kentucky that Senator Bradley had declared war on his former secretary and announced that he should not be reappointed postmaster at Paris.

President Roosevelt's prompt action in sending Mr. Earlywine's nomination to the Senate, as his term expires this week, indicates that he does not propose to see a satisfactory postmaster turned out to gratify an incoming United States Senator who wants to punish a Republican for supporting Taft in preference to Fairbanks.

Senator Bradley will not make a very good start with the new administration by holding up confirmation of his former private secretary and his personal selection four years ago, merely to gratify a desire for revenge, and it is inconceivable that the United States Senate will so far strain "Senatorial courtesy."

Mr. Earlywine will continue to serve as postmaster, his original appointment holding until his successor is appointed, confirmed and qualified and if his confirmation is held up indefinitely it makes little difference in his official status. He arrived home from Washington last Saturday, and learned after reaching Kentucky that his nomination had been sent to the Senate.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, and the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

Bluegrass Traction Company,
The Central Kentucky Traction Company.
"Bluegrass Routes."

We are closely watching the returns from the operation of the Interurban Train Service, with the idea of ascertaining the trains which are most popular with our patrons. As a result of this scrutiny and the falling off in travel, incident to the winter season, we will put into service at 7 a. m., December 15th, our Winter schedule. There are not many changes in the schedule over that now in use. Briefly they are these:

The car leaving Lexington at 6 a. m. for Versailles and Frankfort will be taken off. A car, however, will leave Versailles at 6:45 a. m. for Frankfort, as usual.

The car leaving Versailles at 6:15 a. m. for Lexington will be taken off.

The car leaving Lexington at 8 p. m. for Paris, and the car leaving Paris at 9 p. m. on Saturday nights, will be taken off.

The car now leaving Lexington at 8 p. m. for Versailles and Frankfort and the car leaving Frankfort at 9:30 p. m. for Versailles and Lexington, will be taken off.

To take the place of the Lexington-Frankfort car to be taken off, we have provided a new service, in that a car will leave Lexington at 9 p. m. for Versailles and Frankfort, and a car will leave Frankfort at 10:30 p. m. for Versailles and Lexington.

The result of the new service will be a greater evenness of schedule and a closer connection from one Interurban line to another, particularly in the evening hours at Lexington, in that cars will leave for Georgetown, Paris and Versailles at 7, 9 and 11.

Time cards, or folders, will be ready for delivery at our offices and at the Center, at Lexington, on and after December 15, 1908.

Whisky in Demand.

Kentucky whisky is in such strong demand now that all the distilleries in and around Frankfort are away behind with their orders and are all running now at full blast. The demand for Kentucky whisky, which will be bottled in bond, is larger than it has been in years. All the distilleries say that the demand is almost unprecedented and they are having their hands full getting out the orders. The Christmas season is in part responsible for the demand, but the distillers say that the bottled-in-bond act is behind the demand for the pure goods. The business has been growing steadily for more than a year and each month sees a gain in the business.

The samples of the various crops of tobacco which have been sent of headquarters in Winchester do not amount to much so far as each crop is concerned, but in the aggregate, they make a large amount, the sample warehouse being pretty well filled with them. Warning to Oyster Dealers.

For the information and guidance of the wholesale and retail dealers in oysters and others concerned:

Paragraph of Section 4 of the pure food law of the State of Kentucky as enacted by the General Assembly of 1908 deems an article of food adulterated:

"If any substance or substances be mixed or packed with it so as to reduce, lower or injuriously affect its quality or strength."

Under this paragraph of the law oyster dealers of this State are warned that the addition of ice or water to shucked oysters constitutes adulteration.

Jobbers and dealers receiving shucked oysters from packers should not accept them when ice or water has been added, and retailers are cautioned not to add ice to oysters nor to dilute them with water.

PARIS GREENHOUSES.

Hargis Painted Black.

Beach Hargis is now being tried for the murder of his father in the Circuit Court at Irvine, Ky., and a bitter fight for his liberty will be made if the opening statements of counsel count for anything. We clip the following from the report of the trial:

"Judge J. J. C. Bach, of Jackson, of counsel for Beach Hargis, began his opening statement for the defense. While he had been for years the legal adviser and friend of Judge Jim Hargis, Judge Bach scored the dead chief in a much more bitter manner than was ever done by Byrd during all of his prosecution of Jim Hargis, and it was apparent from the smile on the lips of Byrd that he was at last being vindicated by one of the men who had for years defended Jim Hargis against his attacks."

"Judge Bach was bitter in his denunciation of the dead feudal chieftain and said that he was even more tyrannical than Louis XIV and more than any man of the Dark Ages. He said it would be shown that Beach Hargis was reared by his father not as a son but as a murdered; that he was taught everything that was bad and nothing that was good; that Mrs. Hargis was allowed no part in the bringing up of the son, and all in all the late feud leader was pictured by his friend as the worst creature the Mountains of Kentucky had ever known."

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

Will Lose His Job.

The change of administration will, it is said, deprive Steve Sharp of his fat job, the Marshalship of the Eastern District of Kentucky. Many of his old Confederate comrades, who regard him as a political renegade, because he left his party and accepted office under the Republicans, will not be sorry to see him lose out. It is said John Langley has a man for the place in Mr. Patrick of Magoffin county.

Good Cough Medicine for Children.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says, "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by W. T. Brooks. You need no other guarantee. dec

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles — A Paris Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Paris people testify to permanent cures.

J. H. Fuhrman, living at 109 N. High-street, Paris, Ky., says: "My kidneys are just as strong and active today as they could be and I give all the credit to Doan's Kidney Pills. Nearly five years have passed since they cured and here has never been a return of the old complaint. I gave a statement recommending this remedy some years ago and am willing to confirm same now. I was in bad shape when I procured Doan's Kidney Pills at J. A. Wilson's drug store. My back was weak and painful and I had considerable trouble with my kidneys. After a short use of Doan's Kidney Pills all my troubles were banished."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Oberdorfer's drug store. 50c and \$1.00. Trial bottle free.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of Scott's Emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Beware of Frequent Colds.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves and you may avoid this disagreeable disease. How can you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended. Mrs. M. White, of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Someone told me of Chamberlain's Cough Remedy. I began using it and it relieved me at once. Now my throat and lungs are sound and well." For sale by W. T. Brooks. You need no other guarantee.

Carnegie Made Good Witness.

That the steel industry of the United States has reached a point where it does not need protection, but can stand alone in competition with the world, was the feature of the testimony of Andrew Carnegie before the Committee on Ways and Means of the House of Representatives, which is securing evidence designed to assist it in the preparation of a new tariff bill. Mr. Carnegie proved the most interesting witness of the entire hearing and his testimony was unique, amusing and decidedly discomfiting to the standpatters.

Taught Him to Shoot and Drink Whisky.

Beach Hargis and his mother, Mrs. Louellen Hargis, testified in the trial of the former, charged with killing his father at Irvine, Tuesday. Both, practically, told the same story. It was to the effect that the home of Judge James Hargis, at Jackson, had been the rendezvous of a band of murderers for years, and that no baron in feudal days had exercised more influence over his vassals than had Judge Hargis over his clan in Breathitt. Beach Hargis said his father had both taught him to shoot and drink whisky.

Couldn't Supply the Demand.

Thirty millions of Red Cross merry Christmas stamps have been sold to date netting the American National Red Cross in the neighborhood of \$300,000, to be expended in the war against tuberculosis.
